

Let's Talk Information Technology!

Our IT Department is here for you! How? Through the development, installation, and implementation of computer systems and applications. In addition, it is our IT Departments' responsibility to make sure that the FEIC Financial website is updated and relevant to what is happening in our company, as well as the economy.

Pointing your browser to www.feicfinancial.com, enables you to login to your plan, view reports, and store important documents securely. In addition, when you have questions- get fast answers through sending e-mails directly to our team!

Technology keeps getting better, and here at FEIC Financial- our IT Department is always looking for new and innovative ways to service you through the latest technology!

We look forward to servicing you,

Your IT Department

Daniel Rossi
