

## Congrats to the Graduate!

### 5 Year Old Dreams

My 5 year old, who is graduating from preschool, asked me if she was going to be "good enough" to get a diploma at her little graduation ceremony. She said her cousin told her that if she is "good" she will get a diploma, and if she is "bad," then no diploma!

She was quite concerned by this, so I saw a golden opportunity to impress upon her the importance of education. We talked about diplomas, college, and even degrees! She was quite excited and very intrigued by the whole conversation, and proceeded to tell me that she is going to get lots of degrees! As a parent, it was such a great moment!

Today, you may be preparing to watch your own child, loved one, or friend graduate. As you do, we pray for their success, happiness, and that all their dreams, especially their 5 year old ones, come true!
